Chapter 11: Statistical Measures

1. What was the <u>easiest</u> lesson in the chapter. <u>Why?</u>

2. What was the <u>hardest</u> lesson in the chapter. <u>Why?</u>

3a.) Record your grades. Calculate the mean, median, and mode. Write an argumentative paragraph for which one should be your grade.

Mean:

Median:

Mode:

Paragraph:

3b.) How many measures can you think of to describe yourself. (height, weight, shoe size, etc.)

4.) What should your <u>grade</u> be for the skills in this chapter? <u>Why?</u>
